## TESTIMONIALS

"We were so happy with the quality of the re-roof that once the new roof was placed, we contracted Homeguard to also redo all of our gutters, and wrap all of our fascia boards in the powder-coated fascia. Since the install, we have received many compliments from both our neighbours and passerby. Thanks to the Homeguard Contracting team, you all did a wonderful job!"

KEVIN - HOMEOWNER

"Amazing company! Quality service and installation! I work in the construction industry and was very happy to have found home guard. They did my roof and gutters and I was very happy with every aspect of the install. Nice to find a company you can fully trust. Will be using them again."

JOE - HOMEOWNER

## STRATA MAINTENANCE

Homeguard not only maintains the roofs and gutters of single-family homes but also of multiple-family strata complexes. We only use the highest quality roofing materials to ensure superior appearance and durability for roofs. Very few roofing/gutter companies can manage strata properties but Homeguard Roofing has served hundreds of strata developments and know what it takes to work with property management teams as well as be courteous of the residents living in the building.

Are you part of a strata council and are looking for a reliable roofing contractor to ensure the longevity of your strata's roof? Homeguard would be delighted to consult you on the required roof maintenance for your strata.
